### GENERAL BACKGROUND INFORMATION

**Fort Worth Gasket & Supply** was founded in 1918. It was purchased by current ownership in 1992 and incorporated in 1995. **FWG** continues the long tradition of *Quality, Service, and Integrity*. We meet MIL-I-45208, are in the process of ISO registration, and participating in LEAN with Northrop Grumman Newport News. **Fort Worth Gasket & Supply** is a registered woman and minority owned 8(a) company certified by the federal government Small Business Administration.

Chi-Yeh (Angela) Boone  
President & CEO

### MANUFACTURING CAPABILITIES

We manufacture and distribute molded, extruded and die cut gaskets, seals, packing, sheet material and various hardware. We are an approved QSLD supplier of bolts, nuts, screws, rivets, pins and O-rings. In addition, we provide other commodities such as packing, insulation, cement, boat bumpers, paint, and tape to military specifications. We serve our major military customers Northrop Grumman Newport News and the Defense Supply Center Philadelphia successfully through long term contracts and agreements.

### FACILITIES IN USA

We have one facility in Fort Worth, Texas, where we employ 15 people.

### AWARDS

**Fort Worth Gasket & Supply** is the recipient of the 2005 Defense Logistical Agency's Outstanding Readiness Support Award for a Small Disadvantaged Business for providing quality products and on time delivery.

### WHY FORTH WORTH GASKET & SUPPLY JOINED THE ACIBC?

We joined the coalition because we believe in a strong military and support our service men and women. Our business provides quality products for the military and specifically for the construction and maintenance of carriers. The security of our country and the viability of our business are directly affected by funding and support for the carrier industry.
