NOVEMBER 2026

NATIONAL U.S. NAVY AIRCRAFT CARRIER MONTH

November is always an exciting time for the Aircraft Carrier Industrial Base Coalition (ACIBC). Each year, we celebrate National U.S. Navy Aircraft Carrier Month**,** which highlights the impact of U.S. Navy aircraft carriers–from their historic accomplishments to the dedicated men and women who serve on them, and the skilled professionals who build them.

Join us in raising awareness by sharing your support on social media. Inside this toolkit, you'll find drafted social content to share on personal and/or company social accounts. **Remember to use #AircraftCarrierMonth and tag ACIBC on LinkedIn and Twitter** to help amplify the message. Let's make this Aircraft Carrier Month one to remember!

DRAFT SOCIAL CONTENT

Opening ACM Post

Copy: This November, we're proud to recognize National U.S. Navy #AircraftCarrierMonth, a time to celebrate the vital role aircraft carriers play in our national security and beyond.

As an @ACIBC supplier, we're honored to support the aircraft carrier program and join in celebrating the people and achievements behind it.

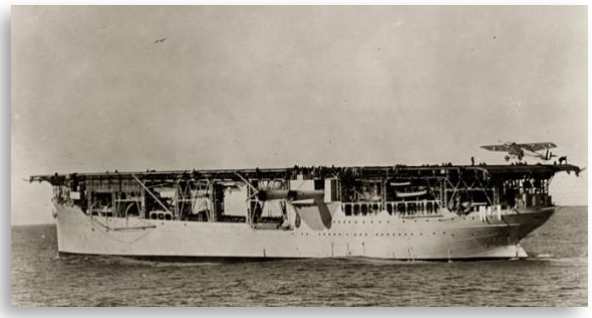
KEY MOMENTS IN AIRCRAFT CARRIER HISTORY

Aircraft carriers have an expansive and inspiring history that spans for more than a century, paved with many significant milestones. Social posts highlighting some of these key moments in history are drafted below for your company to share on social channels. **Be sure to include the hashtag #AircraftCarrierMonth** to join in the celebration!



Carrier Spotlight Post on November 17, 1924

Copy: On November 17, 1924, the USS *Langley* (CV 1), converted from the USS *Jupiter* (AC 3), joined the Battle Fleet, becoming the U.S. Navy's first operational aircraft carrier. A milestone in naval history! @USNavy #AircraftCarrierMonth acibc.org

Carrier Spotlight Post on November 25, 1961

Copy: On November 25, 1961, the USS *Enterprise* (CVN 65), known as the "Big E," was commissioned as the world's first nuclear-powered aircraft carrier. Its arrival ushered in a new era of naval capability and innovation. #AircraftCarrierMonth acibc.org

Carrier Spotlight Post on November 24, 1943

Copy: The future USS *Doris Miller* (CVN 81) will honor the legacy of the World War II hero whose courage during the attack on Pearl Harbor continues to inspire. Doris Miller died in service on November 24, 1943, and is remembered for his bravery and resilience. The carrier bearing his name will recognize that legacy while representing the innovation shaping the future of naval operations. #AircraftCarrierMonth acibc.org

Carrier Spotlight Post on November 9, 2013

Copy: USS *Gerald R. Ford* (CVN 78) was christened on November 9, 2013, marking a new chapter in U.S. naval innovation. As the first *Ford*-class carrier, it brings together advanced technology, increased efficiency and enhanced capabilities, helping shape the future of naval operations. #AircraftCarrierMonth acibc.org
